The Pennsylvania Municipal League (The League) is a nonprofit, nonpartisan association. Established in 1900, the mission of The League is to strengthen, empower and advocate for effective local government. Membership in The League is available to any local government interested in focusing on issues, challenges, ideas, and solutions rather than municipal classification. The League membership consists of cities, boroughs, townships, home-rule communities and towns. The League Board of Directors oversees the administration of a wide array of municipal services including legislative advocacy, research and inquiry, publications and group insurance trusts. Services also include programs such as the premier Public Employer Labor Relations Advisory Service (PELRAS) and the only Pennsylvania municipal electric procurement program – the Municipal Utility Alliance (MUA), as well as training certification programs and numerous educational and technical assistance opportunities including training through state awarded contracts such as the PA Construction Codes Academy (PCCA), PA Training Hub for Municipal Learning (PATH), PA Municipal Administration Training Center (PAMATC) and PA Municipal Internship Program (PAMIP).

The League serves 111 direct members, representing more than 3.8 million citizens of Pennsylvania. Through member services and programs as well as secretariat services for the Pennsylvania State Association of Township Commissioners (PSATC) and the Association for Pennsylvania Municipal Management (APMM), The League touches more than 1,100 local governments.
