

March 25, 2021
1:00 pm to 3:00 pm
AND
March 29, 2021
9:00 am to 11:00 am
Act 38 Virtual Roundtable

Zoom Information: <https://psu.zoom.us/j/98399320856>
Phone 1-646-876-9923
Meeting ID: 983 9932 0856

Welcome: (Schneider)

NMP / OMP Plan Transfers (Rush / Dymond) (5 minutes)

Exporting manure, what is needed? (Schneider) (10 minutes)

- Known Importers
- Brokers
 - Record Keeping factsheet

Agronomic Issues and how to handle in NM Planning tool (Orner) (30 minutes)

- Why doesn't wheat receive a legume nitrogen residual credit?
- The current crop is soybeans and the field did receive a legume nitrogen credit. Why?
- Grazing calculator VS multiple manure applications

Are there any regulations that directly address injecting manure? (i.e. setbacks, etc.)
(Schneider) (10 minutes)

Planning Questions: (Schneider) (10 minutes)

- When is it required for the N fractions method of manure nitrogen availability to be used?
- Manure from a solids separator is being applied. Do I need to use the N fractions method for determining N Availability?

Information about determining what defines a stream and how Act 38 definitions/setbacks work with DEP's definition of Waters of the Commonwealth. (Ulrich) (10 minutes)

Manure Management Manual, Land Application Supplement Revision Process (Bresaw)
(25 minutes)

Questions: (All) (20 minutes)
