

ENVISION 2032

*Charting the Future for
Pennsylvania's Municipalities*

A special initiative of:

A goal in our new strategic plan calls for us to:

**“ Deepen member engagement
and ownership across
The League's membership.”**

One way we'll achieve this vital goal is by involving our members in the creation of a new 10-year vision.

ENVISION 2032

Aims to:

- Involve League members from throughout the Commonwealth in an interactive and inclusive process
- Surface critical issues and promising solutions
- Spark innovation and longer-range thinking and planning

This important initiative will enable us to capture the best thinking, practices, and forward-looking perspectives of municipal leaders throughout Pennsylvania.

In early 2022, you'll be invited to participate in a Forum.

- One forum will be held in each of our six Districts.
- Each forum will address one or more topics such as:

Public Safety

Equity and Civic Engagement

Municipal Finance

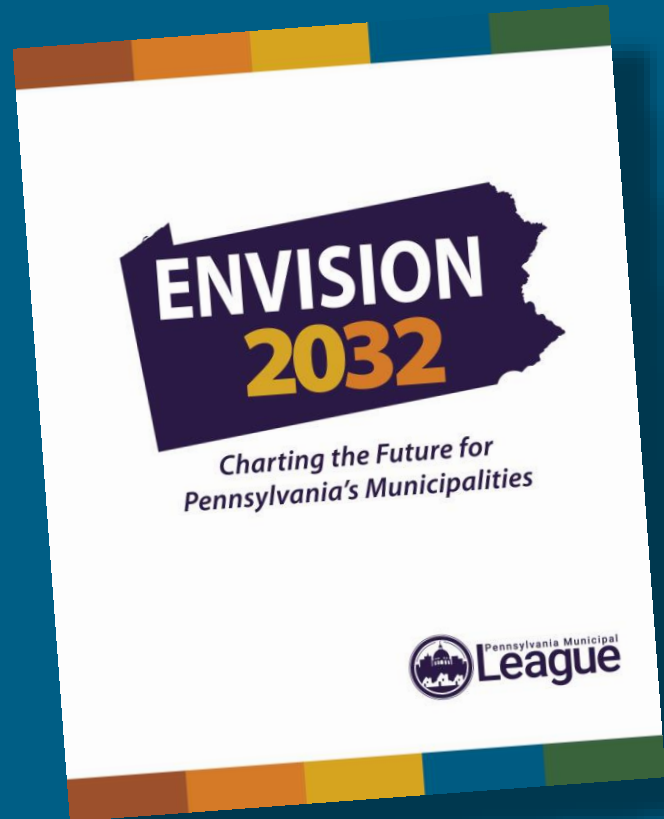

Transparency and Accountability

Community Development and Infrastructure

Local Government Modernization

Together we'll create the ENVISION 2032 leadership publication.

- Its content can be applied to future planning and decision-making by our members, other government officials, and community stakeholders.
- The publication will debut at our Municipal Summit in October 2022.
